Dear Club President,

Our club is hosting the 2010 NJCFSC 47th Annual Championships. As you are aware, this is the sole fundraiser for New Jersey Council and they depend on these funds for their grants and scholarship programs.

In the past, Council organized, prepared, coordinated and printed the Program/Ad Book. All membership clubs were requested to assist by obtaining Ads from their local businesses. However, the Club worked hard and did not receive any benefit

This year the Council requested the LOC to be in charge of production, distribution and sales of the Program/Ad Book.

In order for this to be beneficial to everyone involved we came up with a plan that would allow everyone to enjoy the fruits of their labor.

Each club is requested to solicit Ads, small or large, it does not matter. An application and price list for the Ads will be furnished. The participating club will receive 30 % of the gross amount of Ads they have sold. This is a good fund raiser for your club with very little work and no headache since the LOC will produce the book. There is no work involved for your club in so far as organizing, planning, coordinating, printing, distributing or selling the Ad Book

Please have your club participate in this activity, this will not only benefit your club but will also allow New Jersey Council to continue the good work they have done in the past.

Respectfully,

Joseph Grasso, President
Hollydell FSC
